1. **PLAY:** K2 punts from his 48-yard line, the ball comes down on R's 10 and bounces high in the air. K3 leaps and controls the ball and while in the air over the 5-yard line, throws the ball over his head to keep it from going into the end zone. The ball comes to rest and is blown dead on R's 12-yard line.

RULING: R may choose to take the ball at the spot of first touching by K3 or at the spot it was blown dead. The action of K3 to prevent the loose ball from going into the end zone is interpreted to be the same as an intentional bat of a scrimmage kick beyond the line, which is illegal. The 15-yard penalty, if accepted, is enforced from the previous spot and the down is replayed. (2-1-2; 2-1-4; 2-3-1; 2-11-3; 9-5-5; 10-3-2)

2. **PLAY:** The Referee observes quarterback A4 in the huddle: (a) looking at a piece of paper taped to the inside of his helmet; or (b) at a piece of paper taped to his wrist; or (c) looking at writing on the back of his arm.

RULING: There is no prohibition unless the material on the arm in (b) is illegal because it is hard or abrasive. The only prohibition is against the use of mechanical or electronic audiovisual aid equipment. (1-5-31; 9-7-1)

3. **PLAY:** Prior to the try, Team A captain requests the ball be placed on the right side inbounds line. Team A then deploys in a spread formation. Team A captain does not like the defensive coverage and asks for time. The captain then asks the Referee to move the ball to a position midway between the uprights.

RULING: The request is denied. The captain may, in 5 situations, ask that the ball be placed at a certain point between the inbounds lines, however, once spotted the ball may not be moved because of a second request. If a foul occurs during the down and the penalty is accepted, the captain would again be given an opportunity to pick a spot for the replay. The opportunity to request placement of the ball are available for a try or kickoff, or after a safety, fair catch or touchback. (4-3-5; 6-1-2; 6-5-3; 8-3-1; 8-5-4)

4. **PLAY:** During a run by A4, the Team A coach is on the field berrating an official. A4 is tackled and, thereafter, B1 piles on. How are the penalties administered?

RULING: The piling on is a dead ball foul. The foul by a nonplayer (Team A coach) is administered as a dead ball foul. Dead ball fouls are administered in the order they occur. The penalty on the coach will be administered first, followed by the penalty for piling on. (2-30-6; 10-2-4)

5. **PLAY:** Fourth and 10 from B's 40-yard line. K1 in punt formation receives the snap but decides to run. K1 advances 8 yards beyond the line and seeing he will not make the first down, he kicks the ball. The ball rolls into B's end zone where B1 picks it up and returns it the length of the field into A's end zone.

RULING: Touchdown for Team B. The touch-back, fair catch and blocking rules that normally apply during a scrimmage kick do not apply during an illegal kick. The ball remains alive and may be advanced out of the end zone. Team B may accept the 15-yard penalty and, if they did, it would be enforced from the spot of the illegal kick with the down being replayed.

COMMENT: Normally, the covering official will not realize it is an illegal kick and will sound his whistle (inadvertently) when the ball enters the end zone. If the penalty is declined, the ball will then revert back to Team A at the point possession was lost (when it was illegally kicked) and the down will count. Since Team A is short of the first down, Team B will take over first and 10 at that point. (2-15-3; 6-2-1; 6-5-1; 8-5-3; 9-1-4; 9-5-4)
